PROFILE

I am passionate about software engineering; I have recently finished my studies in software engineering, and have some experience working with computer systems, software architectures, data structures, UI wireframing, problem-solving algorithms and developing, front and back end, web-based applications. Furthermore, I have great programming skills and I excel at working with a variety of programming languages. (See skills section)

EDUCATION

BACHELOR OF SCIENCE IN COMPUTER SCIENCE AND MATHEMATICS.

The Open University 2017 - 2021. **Grade: 1st**
